

Plant Your Name

Materials:

- an inexpensive cookie sheet
- potting soil
- flower seeds (something short and colorful like alyssum).
- dental floss
- newspaper to cover work surface

Activity:

1. Fill the cookie sheet with potting soil.
2. Tear off pieces of dental floss to outline your name on the soil.
3. Sprinkle seeds over the floss.
4. Carefully lift away the floss.
5. Sprinkle enough extra soil over the seeds to cover them.
6. Water very gently.
7. Put the tray in the sun.
8. Water if it gets dry (carefully).
